Year 2 Lego Workshop – Friday 14th November 2025

Dear Parents and Guardians

In the Winter term the children will be studying habitats and microhabitats in their science lessons. We have arranged for a Lego based workshop to come into school to make this topic as immersive as possible for the children. The workshop will take place during the school day **Friday 14th November 2025**.

The workshop will be a hands-on, engaging experience that will encourage creativity, problem-solving, and teamwork.

We are looking forward to the workshop which will inspire the children's learning both on the day and in the classroom throughout the term. For this workshop to go ahead, we are asking for a **contribution of £9.00**. Payments can be made via the Arbor portal.

Please can you make payment of **£9.00 on the Arbor portal by Friday 7th November 2025**. Unfortunately, if not enough funds are collected the workshop may not be able to take place.

We are sure the children will enjoy this experience.

Kind Regards

Miss Henderson and Mrs Newman
Year 2 Class Teachers
