Year 5 Wonder Dome Mobile Planetarium – Monday 27th April 2026

Dear Parents and Guardians

As part of our science topic on 'Space' we have a booking with **Wonder Dome Mobile Planetarium** to come into school. The workshop will take place during the school day of **Monday 27th April 2026**.

This workshop is an opportunity to engage, enthuse and immerse the children into the topic of space. The children will have the opportunity to plan to send a space probe to another planet, create their own 'rocket fuel', hold genuine meteorites and parts of a spaceship plus many other exciting tasks. This workshop will give us a hands-on approach to learning about the wonders of space.

We are looking forward to the workshop, which will inspire the children's learning both on the day and in the classroom throughout the term. For this workshop to go ahead, we are asking for a voluntary **contribution of £9.00** to cover the cost of the workshop. Payments can be made via Arbor.

Please can you make payment of **£9.00 via the Arbor portal by Monday 20th April 2026**. Unfortunately, if not enough funds are collected the workshop may not be able to take place.

We are sure the children will truly enjoy this experience.

We are also delighted to let you know that we have arranged a visit to Butser Ancient Farm on Friday 5th June 2026 in Hampshire to support their learning about the Vikings. We would like to give you advanced notice that this trip will involve an extended day with an earlier drop off and later pick up. Further information regarding this and cost will follow later.

Kind Regards

Mr Watson, Mrs Pervez
Year 5 Class Teachers
