

Primary PE and Sport Premium Funding 2025-2026

School Sport Partnership Impact Statement

Name of School: **Wessex Primary School**

Impact Statement Overview

As part of our investment into PE and school sport, Wessex has signed up to a Service Level Agreement (SLA) with Ascot and Maidenhead School Sport Partnership (AMSSP). The information below outlines what we have achieved through our investment in PE as well as the services we receive from the Partnership and how this contributes to PE and sport improvements in the 5 key areas of the Primary PE and Sport Premium.

Primary PE and Sport Premium Overview

The Department for Education (DfE) states, 'All children and young people should live healthy active lives'. The UK Chief Medical Officers recommend that all children and young people should take part in moderate-to-vigorous intensity physical activity (MVPA) for at least 60 minutes every day, with the recommendation for disabled children and young people being 20 minutes of physical activity per day; and The Childhood Obesity Plan states that at least 30 minutes of daily activity should take place in schools.

It is important schools are supporting children and young people to achieve this aim. This is particularly true of primary schools where the foundations of positive and enjoyable participation in regular physical activity are embedded. The DfE wants all children to have equal access to high-quality PE provision and opportunities to experience and participate in a wide range of sports and physical activities. Schools should aim to provide high-quality PE and sport for at least 2 hours a week, complemented by a wide range of extra-curricular sport and competitive opportunities. By providing this it can help improve children's health and wellbeing, personal development as well as academic attainment.

Schools should use the PE and sport premium funding to support children to meet 60 active minutes and achieve the above aims. The funding must not be used for core-type school activities. Schools should use it to:

- * make additional and sustainable improvements to the PE, sport and physical activity they provide
- * Provide or improve equal access to sport for boys and girls
- * Ensure teachers have the relevant skills and knowledge to confidently teach PE in a structured way, prioritising continued professional development (CPD) and training where needed.

It is important that schools make the most effective use of the premium. To achieve this, schools should focus on making improvements in 5 key areas:

- * Increase all staff's confidence, knowledge and skills in teaching PE and sporting activities
- * Increase all pupils' engagement in regular physical activity and sporting activities
- * Raise the profile of PE and sport across the school, to support whole school improvement
- * Offer a broader and more equal experience of a range of sports and physical activities to all pupils, and ensure equal access to sport for boys and girls
- * Increase participation in competitive sport

Any use of the PE and sport premium must be in accordance with the terms outlined in the DfE's conditions of grant document (see weblink below). This means schools must use the PE and sport premium to:

- * Build capacity and capability in the school, ensuring improvements to the quality of PE, sport and physical activity provision are sustainable and will benefit pupils joining the school in future.
- * Develop or add to the PE, sport and physical activity that the school provides.

Primary PE and Sport Premium Key Areas

There are 5 key areas across which schools should focus on to make improvements.

Through investing in PE and as part of this the SLA with Ascot and Maidenhead School Sport Partnership (AMSSP), we achieve the following.

Key Area 1: Increase all staff's confidence, knowledge and skills in teaching PE and sporting activities

Wessex works with the School Sport Partnership, MNR coaching and the REAL PE online platform to provide CPD support to all staff. These programmes run across the academic year, following feedback from staff with courses designed to support staff in teaching PE, sport and physical activity. Face-to-face and virtual CPD Programmes were provided this year, following feedback from staff about the benefits and increased accessibility of virtual CPD. Wessex staff engaged with various CPD across the year including KS2 Quidditch CPD, Inclusion in PE, School Games Mark Workshops, 2026 Dance Festival - Exploring Themes and Ideas for KS1 and KS2; KS2 First Pitch Baseball, teaching through REAL PE and face-to-face support with MNR coaches and Maidenhead Magpies. The Partnership's Specialist Dance Teacher delivered the Dance Curriculum Support Programme working with teachers to develop their teaching of Dance and to further develop their confidence, knowledge and skills in teaching Dance. The Partnership's Curriculum Support Coaching Programme provided school staff with the opportunity to observe professional sports coaches in existing and new sports and activities, including the First Pitch Baseball / Softball, to increase their confidence, knowledge and skills. The PE Network Meetings include a different 'sharing best practice in PE' focus each meeting (one meeting per term) including a focus on the Digital Reporting Form, supporting resources for the PE curriculum including schemes of work and digital platforms, inclusion and sharing how to target the least engaged. The Berkshire PE Conference provided a whole day of CPD where headteachers, PE subject leaders and teachers could choose their areas of focus, aligned with national government agendas for primary and special schools, and these included Planning for the Inclusion of Children with Autism, Girls Engagement, Engaging Seldom Heard Voices, Physical Literacy Toolkit, Dressed to Move and Active Travel.

|----|--|
| 5 | teacher/s trained and attended the following virtual/face-to-face PE courses: KS2 Quidditch CPD; KS1 Active Stars Workshop; and School Bowls Project - Bowls Buddies Practical Taster Session CPD. |
| 15 | teachers received CPD support from a Specialist Sports coach to develop their knowledge and expertise in the delivery of PE lessons via MNR coaching. |
| 15 | teachers received CPD support from a Maidenhead Magpies coaches to build their knowledge and confidence in the delivery of PE lessons through team teaching and shared support. |
| 2 | teachers attended the Berkshire PE Conference. |
| 4 | teacher/s received support from a Specialist Dance Teacher to develop their dance knowledge and experience via the Dance Curriculum Support Programme. |
| 4 | teacher/s received support from a Specialist Sports Coach to develop their PE and sport knowledge and experience via the Curriculum Support Coaching Programme. |

Key Area 2: Increase all pupils' engagement in regular physical activity and sporting activities. (Note: The Chief Medical Officers' guidelines recommend that all children and young people aged 5 to 18 years take part in moderate-to-vigorous intensity physical activity (MVPA) for at least 60 minutes every day, with the recommendation for disabled children and young people being 20 minutes of physical activity per day; and as set out in the Childhood Obesity Plan, at least 30 minutes should take place in schools.)

The School Sport Partnership provides access to a range of different activities for children and young people throughout the year enabling schools to select different pupils for different activities, as well as opportunities to take part in the Curriculum Support Coaching Programme and Dance Curriculum Support Programme. There is a strong emphasis on participation and the introduction of and embedding of initiatives, where whole school participation is encouraged to achieve maximum levels of participation on a regular basis, e.g. Berkshire School Games, National Fitness Day and Time to Focus virtual physical activities, Daily Mile/Active Mile. Whole classes created dances for the Primary Dance Festival, as well as class size entries to the termly Active 60 Festivals with a focus on participation. The School Sport Partnership works with schools to establish, extend or fund attendance of sports clubs and activities and holiday clubs, or broadening the variety offered. Wessex has focused on coaching sessions and events that have provided targeted activities and support to involve and encourage the least active children. The OPAL project introduced this year provides a wide range of activities and opportunities for pupils active play. We also continue to take part in the Daily Active Mile initiative across the school. Sports challenges led by our Year 6 Sports Leaders set up sessions which encourage active play at break times and lunchtimes through sports leadership training. Our Active 60 team also provide active challenges. The National Fitness Day and Time to Focus virtual physical activities have enabled whole school participation for 10 minutes @ 10am via an online physical activity programme. The Primary Leadership Programme has provided leadership training for children and young people, who in turn have been provided with leadership opportunities at their school and at School Sport Partnership events to inspire others to take part in physical activity sessions. Sharing best practice of ways to engage all pupils in regular physical activity is a focus at each termly Partnership wide PE Network meeting.

4 Primary Leaders trained as part of the School Sport Partnership's Leadership Programme.

314 pupils took part in Virtual Fitness Activities (National Fitness Day - September 2025).

316 pupils took part in Virtual Fitness Activities (Time to Focus - 10 minutes at 10am - January 2026)

345 pupils took part in our Sports Day (July 2026)

Key Area 3: Raise the profile of PE and sport across the school, to support whole school improvement

Wessex is committed to raising the profile of PE and sport, and through working with the School Sport Partnership, Maidenhead Magpies, Cox Green Secondary School, MNR coaching, OPAL and accessing the PE, school sport and physical activity initiatives and programmes, a broad and balanced curriculum is delivered engaging our children and young people. Our school has worked with the School Sport Partnership, by attending PE Network Meetings, attending Continuing Professional Development (CPD) training opportunities, attending the Berkshire PE Conference, taking part in competitive activities in school and against other schools, taking part in participation focused events, as part of the criteria towards the School Games Mark Award. This Award has a robust framework for high quality PE, school sport and physical activity and participation for children and young people, a positive experience for children and young people which includes the 60 active minutes agenda and the development of physical literacy, that is recognised by Ofsted. Wessex is kept up to date with national and local initiatives in PE, school sport and physical activity, i.e. by attending the School Sport Partnership's PE Network Meetings as well as national/regional webinars offered by the Association for Physical Education (AfPE) and the Active Partnership (AP) 'Get Berkshire Active' (GBA). The Berkshire PE Conference focused on areas aligned with national government agendas for primary and special schools, including Planning for the Inclusion of Children with Autism, Girls Engagement, Engaging Seldom Heard Voices, Physical Literacy Toolkit, Dressed to Move and Active Travel. The School Sport Partnership is represented on an annual basis at the Borough's Education Leadership Forum (ELF) to help raise awareness and there is strong advocacy from representative Head Teachers who sit on the Partnership's Strategic Management Steering Group. Annual Primary PE and Sport Premium Funding action plan detailing spend and impact is displayed on our school website. Our School Sport Partnership plaque is displayed in school as a symbol of our commitment to supporting high quality PE and school sport provision, and working with others to achieve impact for our children and young people.

Submitted for School Games Mark Award (national accreditation)

Silver Award level achieved for School Games Mark Award (national accreditation)

Key Area 4: Offer a broader and more equal experience of a range of sports and physical activities to all pupils, and ensure equal access to sport for boys and girls

The National Fitness Day and the Time to Focus virtual physical activities raised awareness of the importance of regular physical activity and offered whole school engagement in physical activity for 10 minutes at 10am (pupils followed an online physical activity programme which was delivered to the whole school and gave everyone opportunities to be active). The termly Active 60 Festivals provided opportunities for whole classes to participate in a range of physical activities for children to achieve 60 active minutes. Wessex includes a range of traditional PE curriculum activities, such as Games and Athletics to reinforce the curriculum skills as well selecting more alternative style activities to broaden the curriculum. Children and young people were offered a range of sports and activities, from traditional to alternative sports, to take part in through the School Sport Partnership's Coaching Programme during half term blocks of coaching sessions delivered in school - these included Bikeability, Quidditch, Danish Longball, Diamond Cricket, Dodgeball and Outdoor Adventure Activities. Our Sports Day activities also included Foot Golf, Softball, Obstacle courses and skipping. Wessex also benefitted from the Dance Curriculum Support Programme, which has offered specialist dance teaching to a whole class across half a term, where schools link dance themes to cross-curricular topics. The Primary Dance Festival also provided an opportunity for Year 4 classes to work together over a number of weeks to create a dance to perform at a local theatre in front of an audience of over 400 people. Girls have been targeted through our KS2 Girls Football club, one of Wessex's most popular clubs.

345 children and young people took part in a Coaching Programme with a Specialist Sports Coach.

90 children and young people took part in Dance lessons with a Specialist Dance Teacher.

30 children and young people practiced and performed a dance routine to over 400 people at the School Sport Partnership's Annual Primary Dance Festival.

43 girls took part in our Girls football club.

Key Area 5: Increase participation in competitive sport

Children and young people participated in a range of competitive sports and festivals, as part of the Annual Competition and Event Calendar organised by the School Sport Partnership, with further opportunities to compete in the Berkshire Level 3 County Badged Events and the Berkshire School Games, as well as linking to local sports clubs. Wessex also continues to foster close ties with Maidenhead Magpies, Maidenhead Softball Club and Cox Green school. A range of lunchtime and after school clubs, mixed and girls only, include competitive opportunities. Inter House competitions take place each term to conclude a unit of work, enabling pupils to use the skills, tactics and fitness developed through the term. Our end of year Sports Day incorporated both competitive elements whilst maintaining a festival atmosphere. The Maidenhead and Ascot Annual Competition and Event Calendar Wessex participated in included The Big KS1 Active 60 Festivals (class size entries - Autumn Term), Year 1/2 All Stars Cricket Skills Festivals, KS2 Try It Festivals, Year 5/6 Sportshall Athletics, Year 5/6 Quadkids Athletics. County Level 3 Competitions participated and medalled at include the Year 5/6 Sportshall Athletics, Year 5/6 Girls Dynamos Cricket, Year 5/6 Miniballers Basketball and Year 5/6 Open Dynamo Cricket. To reflect the targeted approach to increasing participation profiles in schools, a selection of Berkshire School Games events have moved to local invitation as a selection criteria to focus on targeted groups. Wessex took part in the Berkshire School Games Year 3/4 Cricket. A team of Year 3/4 runners also took part in the annual St Piran's Cross Country competition.

180 children and young people took part in School Sport Partnership Competitions and Festivals (including Badged Events and Berkshire School Games).

230 pupils took part in the Intra-school competitive events (including netball, tag rugby, basketball, hockey, tennis, football and orienteering)

18 children and young people took part in the Berkshire School Games.

12 children and young people took part in the St Piran's Cross Country competition

345 pupils took part in the Wessex Sports Day
